

# Offshore Oil & Gas

## Offshore Oil & Gas - The complete Solution

The Seaking Group headquarters is based in Birkenhead Merseyside, from here we can support all major shipyards. We also have local Electrical/ Electronics engineers in Milford Haven South Wales and Aberdeen Scotland, to support the ongoing needs of the Marine and Offshore industry.

As the preferred installer for Tyco Fire & Integrated Solutions we are able to offer the complete fire & gas solution for the Marine and Offshore environment.

- OEM Trained and certified Personnel
- Survey and Installation by Professionals

### **All supported by our core services:**
